He Thinks McKinley Will Have 299 Votes When All Returns Are In. CHICAGO, Nov. 6 .- At 11 o'clock Vice Chairman Payne, of the Republican national committee, issued the following

"McKinley has surely carried all the States claimed by me, excepting possibly Kentucky, and returns indicate that we have beaten Bryan in Nebraska." There quarters all through the early part of the night - and as the returns kept on in a way to add to the good feeling, the crowd that thronged the headquarters rent the air with applause and cheers. At 6:30 Mr. Payne announced that the Republicans would carry New York by 100,000. Perry Heath came in at 7 o'clock from Indianapolis with the positive assurance his State would certainly go for McKinley by "at least 18,000." Later arrivals at headquarters were Richard C. News was slow from Indiana, and finally a telegram was sent to National Committeeman New, at Indianapolis, asking for particulars. The reply came as follows: "I am not going off half-cocked, but we have certainly carried Indiana by an increased plurality over 1896."

Notwithstanding the fact that the telegrams poured into the office in a perfect stream, there was, from the first, not more than one or two that contained statements calculated to lower the hopes of the Republican party, and they were unimportant. All the rest were of a joyous character, and coming, as they did, from all desk to foreshadow a sweeping victory for

CHICAGO, Nov. 6.-The belief prevails at the Democratic national headquarters that the battle is lost and that McKinley has been re-elected by a larger plurality than he received four years ago. Senator Jones, near whom was seated ex-Governor Altgeld, of Illinois, and ex-Governor Hogg, of Texas, was busy reading bulletins from various States and commenting upon the figures. As he read a bulletin he said: "This shows a heavy falling off for Bryan, or a heavy falling off for McKinley," but when asked to express his opinion as to the result, he said: "I do not know yet. The returns are too meager to make a prediction."

"We are going to win yet," said ex-Governor Hogg. "These figures are doctored and are the work of the Wall-street gamblers. They do not represent the will of the people.'

McKinley's Plurality Satisfactory, it

Not So Large as in 1896. NEW YORK, Nov. 6 .- At 11 o'clock the indications are that President McKinley has carried New York State by a majority over Bryan of about 150,000, compared with a Republican majority in the last presidential election of 268,469. The total vote in the city of New York is approximately 60,000 larger than it was in 1896 and up the State the increase is about 30,000. In the Thursday fair; variable winds, becoming city Bryan wiped out the plurality of 60,000 which McKinley had four years ago and took on a plurality for himself of about 25.000. Up the State McKinley barely held the vote which he had in 1896, the added vote going to Bryan. The vote for Odell, Republican nominee for Governor, is considerably larger than that for McKinley In Brooklyn, particularly, the Democratic nominee for Governor, Mr. Stanchfield, ap-

up and put in his desk. Norman E. Mack telegraphed from Buffalo that that city would give McKinley 3,000, as against 12,000 in 1896. As the returns began to show an increase for Bryan in the city there was much elation, but this was dampened by a Chicago dispatch, indicating a big majority for McKinley. COLUMBUS, O., Nov. 6 .- McKinley has carried his own State without doubt by an increased plurality, but at midnight it is impossible to give the figures, owing to the unusually meager returns received. The Democrats have gained about 3,000 in Cleveland and as much in Cincinnati, and less in some other cities. The Republicans have gained in the rural districts and in this city, in Canton, in Akron, the home of Chairman Dick, and a few other cities. Democratic State Chairman Long concedes cerning or claiming the election, he said: | the State to the Republicans and expects and a gain of one congressman over the last delegation from Ohio in Congress, which stood sixteen Republicans and five Democrats. Republican State Chairman Dick stands by his poll of the State, which he insists shows from 75,000 to 80,000 for Mc-Kinley, and he insists that the Republicans will gain two or three congressmen. At this hour the indications are that McKinley has gained largely in Ohio over his plurality of 896, and that most of it came from the rural districts, with the exception of Columbus, Toledo, Canton, Akron. Springfield and a few other cities. Democratic Chairman Long at midnight

gave out the following: "The returns from Hamilton and Cuvahoga counties show substantial Democratic gains. While a majority of the country precincts reported show Republican gains of 5 to a precinct, with about 120 heard from, this ratio of gain, if kept up with corresponding Demccratic gains in the cities, as now indicated, will give McKinley the State about the the vote of 1896. However, the fusionists say these returns are not significant of the real results, that the outlying districts will overcome these gains and give the State to Bryan by from 5,000 to 8,000. Mr. Bryan took his dinner at a little after 6 o'clock, and after partaking of the meal spent a few minutes in conversation with the newspaper men, referring to the bulletins received and asking some questions, but without venturing any opinion upon the figures. The first bulletin was the one announcing that Poughkeepsle, N Y., had given Mr. McKinley a majority of 1,337, and this was quickly followed by another bulletin to the effect that Elmira had gone for Bryan by 1,722 majority. When shown this message he simply remarked that it was encouraging. The other bulletins from New York came in thick and fast after that, and while Mr. Bryan made no comment there was a feeling among those present that he was disappointed in the returns from New York city and Brooklyn. His reports concern ing those cities had been encouraging and his own observation had led him to believe that there would be a large crease in his vote rather than a loss. On the other hand there was considerable encouragement from the interior of New York State and especially gratifying was a message from National Committeeman Mack, saying that Buffalo had given Me-Kinley a majority of only about 3,009, against 12,000 four years ago. Coming closely upon the heels of the Buffalo dispatch was one from a friend in Boston announcing that city to have gone for Bryan by a majority of 7,000, as against 17,000 for McKinley four years ago.

The early dispatches indicated the loss of Maryland and this also was a disappointment, for it had been believed that that State was fairly safe for the Demo-

cratic ticket. National Committeeman Dahlman, of Nebraska, who is very close to Mr. Bryan, says that while apparently New York and Illinois are lost, he does not by any means concede McKinley's election. He thinks other States may come to the rescue.

Mr. Bryan said he would make no statement until the result is definitely known. At 8:30 o'clock, when the newspaper men at Mr. Bryan's house sought to secure a statement from Mr. Bryan they were told that neither candidate will have as much | that he had just gone to sleep and could Republicans claimed the election of Robert | apparent interest and then expressing a desire to make up some of the rest he had lost tricts, leaving only the Twentieth district asleep in less than five minutes. Main Contest Was for Control of the State Legislature.

PHILADELPHIA, Nov. 6 .- Pennsylvania's Legislature is composed of fifty senators and 204 members of the House of Representatives. The entire membership of the lower House of Representatives was balloted for to-day, as was also half the Senate. The other half of the senators hold over for two years more, as after being chosen for a term of four years one-half of the body retires every two years. This year twentysix senators were voted for, the Second district (part of Philadelphia) retaining a senator to fill the unexpired term of Senator Holzwarth was voted on. The entire Legislature will vote for a United States senator to succeed Quay, whose term expired March 4 last. The last Senate consisted of thirty-seven Republicans and thirteen Democrats. Of these twelve Republicans and twelve Democrats hold over. The last House was composed of 127 Republicans, seventy-one Democrats and six tusionists. The Republicans therefore had a majority of seventy-four on joint ballot, tut owing to the opposition of a number of Republicans to the re-election of Mr. Quay a deadlock resulted, which continued to the end of the session. Mr. Quay was the parley, 13,981; Bryan's majority, 8,588; Beck-Democrat, for Governor, 21,583; ty's caucus candidate, but as there were at Yerkes, 15,889; Beckham's majority, 5,694. A all times three candidates voted for in the State is included in the precincts heard great number of ballots taken Mr. Quay's ote ranged from ten to fifteen short of the 28 necessary to elect.

The main interest in to-day's voting throughout the State centered in the contest for the control of the next Legislature Mr. Quay has declared himself to be a canoldate for re-election to the Senate, and hose opposed to him have fused with the Democrats in a few counties and were successful in some others in nominating Republicans opposed to Mr. Quay. The result has been a hot contest. Estimates from ten out of the sixty-seven counties of Pennsylvania show a slight gain for Bryan, as compared with 1895, when McKinley's plurality in the State was 295,072.

Cancer until the blood is polluted and the system thoroughly contaminated by this deadly virulent poison, Then a sore or ulcer appears on some part of the body; it may be small and harmless looking at first, but as the cancerous cells form and are deposited by the blood near the sore, it increases in size and severity, with sharp shooting pains. No matter how often the sore is removed by the surgeon's knife or flesh destroying plasters, another comes and is worse. The real disease is in the blood and the treatment must begin there. The poisoned blood must be invigorated and purified, and when this is done cancerous cells can no longer form and the sore will

heal naturally and permanently. Mrs. Sarah M. Keesling. at Windsor Ave., Bristol Tenn., writes: "I am 41 years old, and for three years had suffered with a severe form of Cancer on my jaw, which the doctors said was incurable, and that I could not live more than six months.
